Dear Junior and Senior Parents,

In only four months the seniors and then the juniors will be going on their service trips. I would like to meet with the students and at least one of his parents to discuss the details of each trip. Since each trip is different I will meet each destination group separately, but the juniors and seniors together. Please check below to see when your son's group will be meeting with me. **Please bring his Passport with you to the meeting if he is going overseas. ( If he has not applied for a Passport yet he MUST do it now!)**

Local----- will meet at a later date when those sites have all been finalized.

We will go over the itinerary, discuss immunizations, go over rules and regulations, answer questions, etc. **These meetings all take place in room 201 of Carney Hall starting promptly at 7:00 p.m.** I will have a folder for each student with all the paper work included. A number of these papers need to be filled out and returned. I ask that you return some that night so please bring a pen. Others have a deadline so please fill them out and return them to me as soon as possible. I have 193 students and 36 adults traveling to seven locations and then three weeks later to nine locations both in and out of the country. I need to keep everything straight so everyone gets on their plane without any problems. Your meeting deadlines will help me tremendously. One of the things I will do is set up an email contact list for each group. I will send it to you and you will have it so you can contact each other before, during, and after the trip. If you have any questions before the meeting please email me at [llegner@malvernprep.org](mailto:llegner@malvernprep.org)

Sincerely,  
Larry Legner
