

Summer Assignments 2022

Dear Malvern Families and Friars,

Below you will find your summer assignments in preparation for the 2022 - 2023 academic year. All assignments are crafted for courses you are entering, not courses you recently completed. For example, If you just successfully completed Algebra 1, and are prepared to enter Geometry this fall, you will complete appropriate coursework for Geometry this summer.

The Ctrl+f function will enable you to quickly find a course -or- Grade-level as you navigate the summer assignment document. Click the [BLUE](#) hyperlinks to access supporting documents for each assignment. Assignments start on the following pages:

- ❑ Middle School, pg. 4
- ❑ Upper School, pg. 5
- ❑ Advanced Placement (AP), pg. 9

Note that some due dates occur before students return to campus. If you have any questions regarding any assignment, please reach-out to the contact provided. Have a wonderful summer and we look forward to seeing you soon.

Best,
Patrick Sillup

Assignment: Read the following three items and be prepared for an assessment regarding them *early* in your first term:

Watership Down, by Richard Adams. Sometimes referred to as "Wacky Wabbits in the Woods" (you'll see why!)

The Importance of Being Earnest, by Oscar Wilde. Plays are written to be seen and heard in performance (unless you are writing an ancient Roman "closet drama!"), so I recommend having the text with you as you watch a version of the play. I *highly* recommend a production (2002) starring Colin Firth, Rupert Everett, Reese Witherspoon, and Dame Judy Dench. Nobody does "The English" like...the English!

Contact: Mr. Rich Roper | rroper@malvernprep.org

A Man for All Seasons, by Robert Bolt. A beautiful play with some clever stage techniques depicting one of the model *human beings* of sixteenth century England.

The movie of the same name (starring Paul Scofield in an Oscar-winning role) takes a more standard approach to the story-telling, but is still beautiful to watch.
